Description

Gents Longines wrist watch, 1957. The watch has a 17-jewel 12.68Z hand-winding movement which is working nicely. The movement is signed with the Longines name, and it has the serial number 10,374,761 which dates it back to 1957. The watch measures 33.5mm diameter excluding the winding crown and the lugs. The case is stainless steel and it is in very nice condition, just a fairly light scratch across the back of the watch. The inside of the case back is signed with the Longines logo, as is the winding crown. The lens is in lovely condition. The signed dial is in its original finish, it has a little marking but nothing too serious at all. Original dauphine shaped hands, a subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch comes in its Longines presentation box.
