Description

A lovely pine cupboard dating from the late 19th Century. It is a useful size with two panelled doors opening to a shelved interior. The door has a brass knob and it comes with a working key. It has an overhanging top with a moulded edge and stands on a plinth base. It is a good quality piece and the pine has a nice warm colour. It is in good condition and it has a smooth waxed finish, retaining its lovely aged patina. The interior is generally clean and tidy. There are some signs of age and use, some marks here and there and some old repairs but nothing detrimental. It displays very nicely and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Nationwide delivery available through our network of reliable couriers.
