Description

An unusual wooden lidded box made from the propellor of a WWI aircraft. It has a lovely colour and patina and its original ivory plaque below its lid "Aero-Art Product. Guaranteed to be made from British Aircraft Propellers of the War Period 1914-1918". It is in very good condition. There are some signs of age and use, a few light surface marks but nothing detrimental and no cracks or damages. It has been lightly cleaned and polished and displays beautifully. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £8
