Description

A lovely original vintage Art Deco ring in solid silver studded with marcasites framing a beautiful vivid purple amethyst. There are many modern copies of this type of ring but this is the real deal, estimated to originate from continental Europe c.1930s. SIZE: P (UK), 7 and a half (US). The face of the ring is approximately 2.2 x 1.5cm and the amethyst is approx 8 x 11mm. WEIGHT: 3.0g. MATERIALS: 935 silver, amethyst. HALLMARKS/STAMPS: Marked "935" - a silver fineness higher than sterling silver (925). We most often see 935 on pieces from Germany, Austria and Switzerland c.1920s-40s. CONDITION: There is minor overall wear, as you would expect to see in a piece of this age, and the amethyst is lightly abraded on the top facets when seen under magnification, but the ring is in very good vintage condition. ERA: c.1920s-30s.
