Description

A fine quality flame mahogany 8 Day floorstanding, observatory dial layout, regulator longcase clock c.1870. The high quality case veneered in beautifully figured flame mahogany of excellent colour and patination. The arched top jewellers shop style case with glazed and ogee moulded trunk door with moulded glazed panels to the case sides. Finely carved scrolled leaf decorative work beneath the dial. The finely figured flame mahogany box base with recessed moulded panel, mounted on a plinth skirt and bun feet. The original locks, key and hinges to the trunk door. Movement access door to the case top, with the original lock and hinges. The circular engraved silvered brass dial with outer minute track and subsidiary dials for the hours and seconds, Observatory dial layout, surrounded by a silvered brass sighting ring. Signed to the centre for the jewellers shop Brewer of Hoylake, most probably a London manufactured clock based on the overall quality. The substantial fully restored movement of eight day duration, with thick shaped plates united by four large turned pillars. Fine 6 spoke wheel work and high count pinions throughout, Harrison's maintaining power, jewelle...
