Description

When you're leafing through the glossy mags and you spot a corner of a dreamy antique rug looking magnificent in someone's home, it's likely to be an antique Oushak carpet. The very large blossoms, soft green ground, pale pinks and creamy whites are synonymous with beautiful rooms. They allow the room to breathe whilst being the most important piece of furniture yet quietly understated. 12'4" x 14'11" Size adjusted.
