Description

Unusual design 18th century George 3rd mahogany chest of drawers. Two over three drawer construction with original serpentine shaped top above. The chest is in good original condition with original shaped bracket feet and original gilded brass swan neck handles. The drawers have cock beaded edges and are mahogany lined inside with original blue lining paper. The top is a beautiful piece of solid flame mahogany. I have been told by a couple of dealers a lot more knowledgeable than me that this is a Channel Islands design. The chest is a nice colour with waxed finish. SIZE; 46" wide by 25" deep in the middle by 46" high CIRCA; 1770 - 1780
