Description

A very pretty, good quality (and quite early) French CARRIAGE CLOCK in perfect working order. The case is of "gorge" design (the most expensive 'standard' case at the time) with bevelled glass panels to the front; back and sides and a large deeply-bevelled glass to the top. The eight-day movement, which retains its original lever platform escapement, strikes the hours and half-hours on a bell, with an additional 'train' for the alarm work. The two circular enamel dials are perfect and set within an engraved and gilded mask, whilst the Breguet blued steel "moon" hands are also original. Guaranteed for at least two years. 5ins high (handle down) 3.7ins wide; 3.25 ins deep (12.5 x 9.5 x 8cms). *** Please note that this good clock is not on view in the shop; for further details telephone 07860 818212 or e-mail in the normal way.
