Description

A most attractive solid pine antique dresser in very good condition for age with no worm or wobbles and only minor dings and marks consistent with age and use. Very heavy and solid, the doors and drawers painted in emerald green with a little light and attractive wear. The drawers are solid and in good clean condition, they open and close smoothly. Original fixed shelf in cupboard. No warps or damage other than a small loss to furthest corner of the central shelf on the right hand side at rear, not noticeable or significant. Both shelves to the upper rack have a plate groove. Lovely colour, slightly warmer and richer than our photographs indicate. Very sturdy and usable and with an elegant shape and slender well balanced proportions. This dresser was made in one piece and does not dismantle but it is very slender and will fit through a standard doorway with ease. Dimensions are: Height is 77.75 inches max. Width is 33.5 inches. Depth is 17.5 inches. Height from floor to mid shelf is 33 inches. Depth of upper dresser rack is 8 inches.
