## Description

An old reproduction of a 17th century fire back decorated with the Charles I crest and dated 1635. There is what could be a date on the back - 1911, but this may also be a reference number of some sort. It is very heavy (I estimate around 50kg) so would be delivered on a pallet. Condition: There are some areas where the finish has degraded so it may benefit from re-blackening, or can be left as it is, depending on the look you want. Dimensions: Width - 66.5cm Height - 57cm Approx. 2.5cm thick. Free UK delivery - the item will be sent using a tracked and signed for pallet delivery service, which would be to the kerbside only. If you would like a quote for delivery elsewhere please get in touch.
