Description

This cupboard is in good condition. It is totally original to the Georgian era including the paintwork. The cupboard would look well in an old or modern property in a large kitchen or in any other room for storing linen etc. I will require a hand off the van with this into your hallway as it is very heavy. This is in one piece so if it is to go up stairs your staircase needs to be totally straight with no turns. The cupboard stands on square back legs and round turned front bun feet supporting the main section. There is an angled plinth to the bottom. There are two large doors. Each door has two panels with a moulding around the edge. There is a lovely floral design upon the doors. There are also paintings to the angled sides. The top has a standard graduated angled cornice. There is a key that locks the doors. Behind the door there are compartment shelves which is a nice feature. It has its original wallpaper inside which is in fantastic condition. The height is 188cm, the width is 143cm and the depth is 58cm.
