Description

An extremely pretty Qianlong period platter or charger in the famille rose palette circa 1750. The dish is beautifully hand enamelled in the most delightful colours that coordinate perfectly. This is in really great condition for its considerable age with only slight losses to the enamel to a couple of leaves in the decoration and two minor rim chips to the reverse as shown. This is a good, sound decorative piece with no cracks or restoration. The dish is ready to hang for display and measures 33 cms by 25 cms overall. UK insured packing and delivery is £15
