## Description

**\*\*Professional images to follow** Omega Constellation 14902 – 1962 – Pie Pan Dial – Unique Patina – Cal. 561. A truly unique vintage Omega, this 1962 Constellation reference 14902 features a completely natural, one-of-a-kind patina that cannot be recreated. The original silver dial has aged beautifully, likely due to a combination of sunlight, heat, and the oils from the movement, creating a warm, stained effect that makes this watch genuinely distinctive.
