Description

This for your consideration is a fabulously glamorous Art Deco picture frame dating to the 1930s and originating from France. An absolute delight and totally original who wouldn't want this as part of their home interior. The quality is exceptional very thick peach/rose colored mirror glass and emerald green with crimped design border, bevelled edges and deceptively heavy overall. Freestanding with a board backing which is covered in suede type material. Very good overall condition, free from damage, no chips, cracks etc. Some light misting in very small odd areas of the mirror but only seen on close inspection, nothing to detract. Offered with FREE UK mainland delivery
