Description

This is a lovely novelty dish dating towards the end of the reign of Queen Victoria. Crafted in solid sterling silver, it is clearly hallmarked for London 1896. Whilst the maker's mark worn, it is probably by Holland, Aldwinckle & Slater. There are a couple of bruises to the silver but no tears, and it is priced accordingly. The final picture shows it with another longship dish that I currently have in stock but which is not included in this sale. Dimensions: Length: 12cm Width: 4.5cm Height: 9.5cm Silver Weight: 76g. Complimentary gift wrapping available on request. Post and packaging are free within the UK. Overseas buyers - if you would prefer not to use the eBay Global Shipping Programme, please e-mail for postage costs and please note: Import duties, taxes, and charges are not included in the item price or shipping cost. These charges are the buyer's responsibility. Please check with your country's customs office to determine what these additional costs will be prior to buying.
