Description

Art Deco Standard Lamp Table – A Beautiful Fusion of Form and Function This elegant Art Deco Standard Lamp Table is a wonderful example of clever period design, seamlessly blending lighting, surface space, and storage into one refined piece. Its rich figured grain veneers showcase striking natural patterns, adding warmth and sophistication to any interior. The integrated lamp rises gracefully from the rear of the table, topped with a classic bespoke made fabric shade with subtle gilt trim, while a push-button on/off switch discreetly positioned at the back of the upright offers easy operation. Beneath the smooth, organically curved tabletop are two practical shelves, ideal for books, décor, or everyday essentials. The soft, flowing front profile and beautifully rounded edges echo the timeless geometry of the Art Deco era. A stylish and functional statement piece—perfect for adding character, practicality, and ambient light to your home. In very condition for its age with minimal nibbles to the veneer. Rewired and PAT tested. Table top height 60cm.
