Description

This Superb Quality Pair of French Marquetry Bedside Tables have many decorative details to enjoy. Veneered in Tulipwood with an abundance of marquetry that helps to elevate them immensely. Being of bombé design the curves of the legs and sides flow into each other seamlessly. A rather nice feature of this pair is that not only do they each have two drawers to the front, but also an additional one to the side. The free running drawers themselves are lined in a watermark silk style fabric adding further opulence to them. The polished brass drawer knobs tie in so nicely with the ormolu mounts to the legs. The marquetry decorated lower shelf adds further useability as does the lip to the tops to stop items rolling off. Being finished on all sides, with marquetry decoration all around, these bedsides can be placed centrally in a room if required, in fact it would be a shame to hide the beautiful backs up against a wall. This pair of bedside tables would make a statement wherever they are placed in a room, presented fully restored ready for the home. All our prices include free delivery to Mainland England & Wales.
