Description

A simple and understated late Victorian bamboo occasional table of square form, raised on gently splayed legs with characteristic cross-braced supports beneath the top and lower tier shelf. A good original example with a warm, natural colour, reflecting the Anglo-Japanese influence that shaped the Aesthetic Movement in the closing years of the 19th century. Presented in very good antique condition with some wear to the original woven surfaces consistent with age and use. Structurally sound, clean and ready to place in the home. English, circa 1890.
