1919 Elgin pocket watch and chain

Price

Sold**Item Reference: SA1181540****Date of manufacture: 1910**

Description

1919 Elgin pocket watch and chain. The watch has a grade 303 7-jewel stem-winding movement which is working nicely. The movement is fully signed and it has the serial number 21,649,803 which dates it back to 1919. The watch measures 43mm diameter excluding the winding stem and the loop. The case is gold filled and was made for Elgin by Fahys, a New York based case maker. The front and sides of the case are in good condition, just a little unevenness to the back. The acrylic lens is in good condition (some white reflection showing in the photos). The signed dial is in lovely condition with original hands. The watch comes with a double albert with each chain measuring 19cm long including the T-bar and the clasp. The watch and chain come in a new presentation box.
