Lit.: Ackermann's Repository of the Arts, Series 1, Volume 6, Plate 3, Page 40, July 1811 "Metamorphic Library Chair, Under this head we this month present our readers with a representation and description of a truly novel and useful article called the Metamorphic Library Chair. This Chair, which forms at the same time, a complete set of library steps, is considered the best and handsomest article ever yet invented, where two complete pieces of furniture are combined in one – an elegant and truly comfortable armchair and set of library steps. The latter is as firm, safe and solid as a rock, and may, with the greatest ease, by merely lifting up with the right hand and the back of the chair, be metamorphosed ...
