## Description

Rare Worcester "Mother and Child" Blue and White Bowl, c.1780 A particularly fine and scarce example of the Worcester "Mother and Child" blue and white bowl, dating to circa 1780. Two variations of this pattern are known; the present piece features the rarer scene depicting a mother and child accompanied by a second female figure. The reverse is decorated with a complementary but distinct differing pattern. The bowl measures 12.3 cm in diameter and 6.2 cm in height, and bears the cross-hatch C mark to the base. The bowl is in undamaged and unrestored condition and is free of chips cracks and lines. Price: £335.00, including UK shipping.
