Depth = 1 cm (0.4")

Description

The watch is the Constellation automatic day date with chronometer grade calibre 751 movement with 24 jewels, adjusted to five positions and temperature - as you can see it is in fabulous like new condition. This was the last of the great in house movements made by Omega. The diamond cut silver dial with day and date is perfect and totally original it has never been restored or retouched in any way. It has the Constellation observatory symbol on the back of the case which is bright and crisp and also the Omega symbol on the crown. The movement has just been serviced and comes with a 1 year warranty. The watch comes with its original riveted heavy bracelet with comfort stretch links these are very rare. unfortunately it has had the removeable links taken out and the bracelet will now only fit a smaller wrist size upto 7 1/4 inches. Spare links for this bracelet are obsolete from Omega but you may be able to find some on ebay if needed. As you would expect the watch is fully marked on the dial, movement and case. The watch case measures 35mm wide not including the crown. The watch has been fully serviced and comes with a 12 month warranty. We can also fit any colo...
