Description

A George III oak tilt top tripod table, c1800, with an exceptionally well turned baluster pillar base and cabriole legs. The table top retains its original catch and has a lovely golden colour. Condition: The table top has various marks that it has acquired throughout its life and a small amount of wear to the edges. The base is beautiful and a deeper colour than the top, so I assume the top has been exposed to sunlight. The catch mechanism works well. There is a slight tilt to the table so the top doesn't sit exactly level - this is quite common with this type of table and is more noticeable in photographs than it is in the flesh. Dimensions: Diameter - 70cm Height - 71cm to 73cm approximately. Mainland UK delivery (excluding the Scottish highlands) is included in the price - if you would like a quote for delivery elsewhere, or if you would like to collect the item yourself, please get in touch. Delivery of furniture usually takes between 7 and 21 days from order, though can sometimes take longer. If you need an item by a certain date please speak to us prior to ordering and we'll try to help.
