Description

One of the best I have had in some time, most unusual, exquisite detail and outstanding quality, this one has it all. The box stands on four highly decorative legs supporting the body with borders top and bottom with a pierced panel all the way around. The top is beautifully cast to allow fragrance to permeate from the scents within. This example of course lends itself perfectly for other use, as a trinket or ring box. The interior is filled with a glass liner, totally original and in the most exquisite jewel-toned Emerald green, excellent condition, one tiny rim chip mentioned and shown up-close for accuracy. There is a full English silver hallmark for London 1906, making this a true Edwardian example; the makers initials WC are also present for the well renowned William Comyns, making top-notch decorative silver smalls such as this. Excellent condition, measuring 3 3/4" x 2 5/8" x 2 1/4" tall. Item ID: 33225 ———— FREE Worldwide Registered Airmail Directly From London, England
