Description

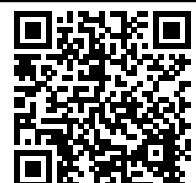

A porcelain tobacco jar from a collection of eight. This piece is in the form of a pram with a little girl holding a doll and a baby. We cannot imagine why a tobacco jar would have been presented in this way! However, it is a pretty piece with so much detail and would be perfect as a sweet jar or a ladies dressing table jar. In excellent condition and circa 1900-1910. We can deliver free of charge in UK mainland. Payment by bank transfer, PayPal or card via telephone.
