## Description

A smart and very well made antique Victorian leather and mahogany swivel desk chair. This was made in England, it dates from around the 1860-80 period. The quality is superb, this is a lovely size and it's comfortable as well. The green leather seat has a gorgeous colour tone and compliments the solid mahogany frame very well. We have had the mahogany re-polished, the leather has been hand coloured and revived by our leather restorer. The condition is excellent for its age, with some minor wear remaining here and there.
