Description

A striking and highly decorative oriental carved nest of four tables beautifully executed in the sought-after faux bamboo style. Each table features finely carved bamboo-style frames with naturalistic jointed detail and a rich, even colour throughout. The set graduates smoothly in size and stacks perfectly when not in use. The two smaller tables are embellished with oriental carved pierced friezes, adding refinement, depth and a traditional aesthetic. All four tables are sturdy, practical and versatile—ideal as lamp tables, side tables or elegant accent pieces in any interior. Condition A wonderful example. Light, expected surface wear consistent with age but overall very clean, well preserved and structurally excellent.
