Description

Erik Tidstrand table lamp, model 30246. Produced in Sweden in 1930. Hobo loves because: fabulously elegant, the fluted mahogany base contrasts fabulously with the beige lacquered shade. Erik Tidstrand (1876–1944) was a pivotal designer in Swedish lighting, heading the lighting department of Nordiska Kompaniet (NK) from its early years. His designs were characteristic for combining brass, wood and metal with elegant proportions. His lamps were used in high profile projects across the 1920s and 30s and were key in defining the 'Swedish Grace' aesthetic. All of our lighting is rewired and PAT tested to UK standard. Diameter of shade is 38cm
