Antique Deep Seated Armchair

Price

Sold**Item Reference: SA1184252****Date of manufacture: 19th Century**

Description

Antique Deep Seated Armchair. Traditionally upholstered with a sprung seat and sprung back, and a large feather cushion. A larger than usual seat height fits well with the large proportions, including a extra large seat depth of 72cm. Width 83cm x Depth 116cm x Height 77cm, with a seat width of 53cm, seat depth of 72cm and seat height of 48cm. The outer fabric is in reasonable order but with some stains here and there, likely these could be removed with a professional clean. One button in the back needs to be re-tied in. Alternatively it's a good candidate for recovering in a new fabric.
