1930s Craftsman half hunter pocket watch, Cyma

Price

Sold**Item Reference: SA1184369****Date of manufacture: 1930**

Description

1930s Craftsman half hunter pocket watch, Cyma. The watch has a good quality Swiss Cyma stem-winding 15 jewel adjusted which is working nicely. The movement is signed Craftsman and has the Cyma calibre 998a. This brand name was registered by at least five watch companies, one of which would have bought the movements in from Cyma for watches to be sold under the Craftsman brand name. The movement is protected by an inner cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold plated Star model from the Dennison Watch Case Company, a Birmingham based case manufacturer. Overall the case is in good condition, a small indentation to the front but not too serious. Enamel filled Roman numerals to the front surrounding a small central lens. The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in lovely condition, some natural white reflection showing in the photos. The signed dial is in lovely condition with original blued steel hands including the special half hunter hour hand so that the time can be read when the front cover is closed. The watch comes in a new presentation box.
