Depth = 1 cm (0.4")

Description

This is a remarkable Mint condition unrestored and almost unworn example of the solid 9ct gold Omega 552 Automatic from 1966. The only work we have carried out is to service the movement and give the case a light polish with a soft cloth. The solid 9ct gold case is 35mm in diameter excluding the original crown, a full size gents. The case edges are sharp and crisp the watch looks like it was kept hidden away in a drawer and never worn. The movement is the Omega 552, Omegas greatest automatic winding movement. It has been freshly serviced and is currently running at plus 5 seconds per day, not bad for a 60 year old watch. The dial is totally original and perfect it has had no restoration whatsoever. The hands are matching gold. The hallmarks and movement serial number indicate that this watch was made in 1966. The movement has just been serviced and comes with a one year warranty. It comes as a complete set with original Omega box and Omega buckle. Its the one of the most original and perfect unrestored and complete examples you will find. A superb collectors piece. We offer a highly personalised and bespoke service. If you would like to buy or reserve this w...
