Description

A wonderful antique mahogany military campaign desk / writing table. This was made in England, it dates from around the 1930's. It is very well made and has a very smart design. The mahogany is offset beautifully by the brass details. There is an inset tooled leather top which has gold tooling around the edges and has a small inset brass plate in the centre. This is a very useful size, and is finished nicely on the back as well, so it can be used as a free standing item. We have had this re-polished, it is in excellent condition for its age. There are some small marks and indentations here and there beneath the polish, giving this a wonderful patina. Width – 42 inches , 107 cm Depth – 21 inches , 54 cm Height – 30 inches , 76 cm Knee height – 24 inches , 60 cm
