Barr of Dublin Mahogany Longcase Clock

Price

Sold**Item Reference: SA118582****Date of manufacture: 1800**

Description

A small Georgian Irish longcase clock of good quality. Choice flame mahogany veneers to the case with fine carving to the case. A raised moulded plinth panel. A circular painted dial with seconds indicator and a brass bezel surround. An 8-day duration mechanism striking the hours on a bell. George and William Barr are recorded in Volume 1 and 2 of 'Watchmakers and Clockmakers of The World' book as working in 1802. An example is noted in the museum collection at New York University in the 1940's. Height 6ft 2" / 188cms
