Description

A mid century silver and Amethyst brooch by Beto. Beto was active from the 1930's being part of the golden age of Taxco silversmithing. It would appear that the peak period for Beto was the 1950's. This is certainly an interesting design with cabochon amethysts, photographed in two positions as it works both ways. The reverse has the Mexican marks and the eagle for the sign of silver.
