## Description

An antique 20th century walnut sideboard of good quality and fine craftsmanship. The sideboard features three drawers to the upper section, an open central shelf, a double-door cupboard in the centre, and two single-door cupboards, one on each side, each fitted with internal shelves and a sliding drawer, offering versatile storage options. Crafted from walnut, the piece displays gorgeous grain and rich colour throughout, with beautiful decorative detailing and stylish handles and fittings. Very well made and solidly constructed, it is presented in good overall condition, with only one slat missing from the back, which does not affect its use. A highly desirable and decorative example in a nice size, this sideboard is a perfect addition to any home, combining practicality with elegance and timeless style.
