Height = 30 cm (11.8")

Width = 42 cm (16.5")

Depth = 36 cm (14.2")

Description

We have been fortunate to get a hold of 6 totally original and untouched 19th century Heavy copper grain measures. They have plenty of character and charm. The patina is fabulous and their misshapen appearance in parts just adds to their attraction. These would make great planters or ice buckets if you throw a lavish party. This example is Height 30cm Width 42cm Diameter (approx) 38cm

Internal Ref: SKU00002397
