Description

This is a good quality, large 19th century French wall mirror of good scale in excellent original condition with a fabulous rich colour. This has very elegant proportions being neat and tall with an attractive scrolling pediment to the top. The mirror has attractive beaded detail to the mirror frame and moulded florets to the corners. This has its original mercury plates which are in two sections of glass referencing earlier Regency twin plate mirrors. Both have characterful ageing to the glass. The mirror is a most imposing piece measuring 130 cms high by 71 wide at the cornice (widest point). UK delivery can be arranged with our furniture couriers and costs £60 plus vat to most destinations.
