Description

A rather rare Oak two drawer filing cabinet which has fitted drawers, please see pictures, these fittings will slide in or out as needed. In tidy overall condition it does have a little useage marking from over the last 100yrs or so. The brass handles are original and in good condition, the draws run as they were intended and the whole cabinet sits on appealing spade feet. A great and most useful addition to many an office and not looking too commercial / heavy as it sits on the Hepplewhite style legs. Very sensible price too.
