Width = 26.8 cm (10.6")

Depth = 26.8 cm (10.6")

Description

A decorative English charger plate in Patent Ironstone China by Mason's, dating from the early 20th century. The plate features a rich orange ground with a stylised exotic bird in deep cobalt blue highlighted with gilding, set within dense floral decoration. Transfer printing is enhanced with hand-applied enamels and gilding, giving the surface depth and visual impact. The gently scalloped rim with gilt edge reflects the quality of Mason's Edwardian display wares, circa 1915. The pattern derives from late Victorian Mason's designs influenced by Japanese art and decorative imports. Charger plates of this type were intended as presentation pieces rather than for everyday use. The base bears the Mason's Patent Ironstone mark, the registered design number Rd No 652974 (British Registered Design system, Board of Trade), and a small handwritten factory reference "c. 1870". Dimensions and weight: diameter 26.8 cm, height 3 cm, weight 552 g. Condition: ideal condition, with no damage or restoration observed. Please study the accompanying photographs carefully as they form an integral part of this description. If you have any questions, we will be happy to answer them. The it...
