Description

A smart set of four matching vintage dining chairs in a warm dark wood finish, with elegant pierced splat backs and neatly turned front legs. The classic, slightly formal silhouette works beautifully in a traditional dining room, but also sits well in a modern interior as a contrast piece. All four chairs are solid and stable, and the upholstered seats are comfortable and nicely shaped. The fabric shows light marks age related wear as visible in the photos, but remains clean and presentable overall. Seat height: 46 cm Very good vintage condition overall. Strong frames minor surface wear and small marks to upholstery finish consistent with age .
