Description

A wonderful antique mahogany leather top nesting coffee table / side tables. These were made in England, they date from around the 1900-1920 period. They are of excellent quality and have a very useful design. The two smaller side tables nest under the larger coffee table when not in use, and are designed to be used separately as side tables. The tables all have beautiful inset leather tops with tooled edges. We have recently had these re-polished, the condition is excellent for their age. There are just a few minor marks and bumps remaining beneath the polish here and there, adding to the character. Width - 42 inches , 107 cm Depth - 18 inches , 46 cm Height - 17 inches , 43 cm
