Description

This must be the best Masons Ironstone Hall vase that I have ever owned. It is just magnificent. Pictures will not do it justice or quite show the scale of the piece. It stands 108 cms high, and the width of the lid is 50 cms. Decorated with butterflies, bugs, flowers in gold and coloured enamels. This piece was made for a very important home. The finial of the lid is a bunch of asparagus with green balls at the top. It is a delight!
