Description

An immense and incomparable sapphire and diamond ring. The rose cut sapphire in the centre - certified as natural, unheated and originating from Myanmar (Burma) - is rare and incredible: one simply doesn't find rose cut sapphires, nor does one often find unheated Burmese sapphires of these dimensions. The stone is slightly tear shaped, and surrounded by 18 rose cut diamonds in a platinum setting, which sits atop a double wire shank which splits at the shoulders. Accompanied by a report from Gemmological Certification Services (GCS) stating the sapphire shows no indication of heating, and is Burmese (Myanmar) in origin. Cut: Rose cut sapphire and rose cut diamonds. Colour: The diamonds range from H to I. Clarity: The sapphire has visible inclusions. The diamonds range from VS2 to SI1 (all are eye-clean). Carat: The sapphire is 8.92 carat. The total approximate diamond weight is 0.45 carat. Circa: 1960. Size: N (UK) or 6 1/2 (US). Free sizing available. Measurements: The sapphire is 17.49 x 12.53mm. The head of the ring is 24.4 x 19.9mm and sits 6.5mm from the finger. Weight: 10.31 grams. Metal: Stamped PLAT indicating platinum, and tested with a Niton...
