Description

The Boy In White Lace - Exceptional 19th-Century Oil Portrait Painting Brief Description: This is an exceptional, original mid-19th-century Oil on Canvas Portrait Painting depicting a handsome young boy wearing a dark-rimmed hat and a white lace shirt. The work doesn't appear to be signed; however, it is clear from these images that the unknown 19th-century artist was a professional and a highly skilled hand. It is extremely lifelike, and the little boy has an adorable feel to him. This is one for the collector! A stunning piece, that is mounted within its original and extensive giltwood and gesso cushion moulded frame. Attributes: Oil on relined canvas Circa: 1840-1850 Condition: Both the painting and the frame are offered in an overall fabulous condition. The work has been professionally relined during the past 20 + years. There is a small surface chip to the right of the boy's ear, beside his hat.
