Item Reference: SA1189307

Date of manufacture: 1920

Dimensions

Height = 18 cm (7.1")

Width = 22 cm (8.7")

Description

A pair of glass holophane pendant lights dating from the early 20th Century. The shades are made from ribbed prismatic glass with a wavy edge and each has its original metal gallery with three fixing screws. They have been rewired with a simple braided flex cord and modern bayonet bulb holder. The lights are in good condition with no major damages, just a few small nibbles around the edges of the glass. They have been cleaned and the galleries have been lightly polished. They are ready to install but we always recommend that the lights are checked and installed by a professional electrician. Approximate Measurements: Height : 7" / 18cm Width : 8 1/2" / 22cm The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £15
