Description

Victorian Rustic Pine Kitchen Dining or Work Table. This is a very substantial piece, it has been rescued from a workshop in its original condition, the pine is smooth and worn, it has never been painted or stripped. The table top is made from 3 3" thick sleepers rather than planks, and it has chunky 4" squares legs. This is a good 19th Century piece and it is very sound and sturdy and would work very well as a kitchen table, or as a work table which was its original purpose. Never painted in original pine, we estimate the table weighs in the region of 70Kgs, the top can be lifted off if this helps with Transportation. The table is 58" long and 36" deep, it stands 31" high and it is 23" under knee height. DG85
