Antique Victorian 18K Gold Emerald & Diamond Navette Cluster Ring - c.1880

Price

Sold**Item Reference: SA1190625****Date of manufacture: Regency**

Description

We are delighted to offer this superb Victorian 18ct gold ring with an intricate navette design made c.1880. Distinctly Victorian and distinguished from contemporary pieces, this gorgeous piece presents one central 'emerald-cut' emerald encompassed by 14 old mine-cut diamonds (approx 0.45ct total) that glisten wonderfully under lighting. The central emerald has a desirable rich green hue with slight hints of brighter greens depending on the angle of lighting. This is well contrasted by the diamonds which further accentuate the glamour of this antique piece. Further, the ring itself is meticulously crafted in 18ct gold with fine engravings on the 'shoulders' of the ring and fine claw settings. Emerald is known to be the birthstone of May and the diamonds for April. A very special gift to a lucky individual or as an indulging gift to oneself. Classically elegant, distinguished and a conversation starter. The ring is unmarked, however, we have fully tested it for 18K solid gold. All of our rings come with a complimentary hard shell gift box with a velvet interior. Size & Total Weight UK Size N 1/2 US Size 7 3.26g /1.05 oz Condition: Great antique condi...
