Description

A magnificent Art Deco burr walnut sideboard by Hille. This was made in England, it dates from the 1920's. The quality is outstanding, this is incredibly well made and is a substantial size. There are stunning burr walnut grain patterns, it stands on wonderfully scrolled legs and look great from all angles. The central handles are beautifully carved from solid gilt wood, and the keys that lock the side doors are also beautifully made with the same motif. There is also crisp and beautiful carving running down the outer edges. This would work very well in traditional or modern settings. We have had this stripped and re-polished, the condition is superb throughout. We also have the matching cocktail cabinet and console server table that came with this, seen listed under our other items for sale.
