Dimensions

Height = 178 cm (70.1")

Width = 44 cm (17.3")

Depth = 44 cm (17.3")

Description

An adjustable brass floor lamp in the Arts and Crafts tradition, raised on a well-balanced tripod base and exhibiting the restrained classical influence typical of Edwardian lighting. The design emphasises honest construction and functional clarity, with minimal ornamentation and carefully proportioned architectural detailing. The height-adjustable central standard rises from a spherical brass counterweight, from which three symmetrically splayed legs extend, secured by a decorative collar with turned finial details. Each leg terminates in a flattened pad foot, providing stability and visual balance. The adjustable mechanism is openly expressed and neatly integrated into the structure, consistent with Arts and Crafts principles. The brass column is articulated with subtle turned accents, enhancing refinement without excess decoration. The lamp has been professionally rewired and fully tested, fitted with a traditional braided electrical cable in keeping with the period style. Please note that the shade shown in the images is for illustrative purposes only and is not included. Dimensions Height 50 Inches adjustable to 70 Inches Width 17.5 Inches Depth 17.5 Inches
