Antique Edwardian Desk Chair

Price

GBP 395

| USD \$533 | EUR 462

Item Reference: SA1191012

Date of manufacture: 1900

Description

An extremely comfortable Desk Chair, in good original condition, from the early 20th Century (circa 1900). The back is horse shoe in shape with a lovely detail of a decorative pierced splat in the middle, two other column supports on the sides of the splat and shaped arms supports. All completed with a raised centre that is padded and covered in a studded dark brown leather. The arm chair has Queen Anne cabriole shaped front legs and a moulded solid seat. There is an old split in the middle of the shaped seat which doesn't interfere with the strength of the chair. Dimensions: overall (in cm): 65w x 63d x 92h seat size (in cm): 54w x 52d x 47h
